

INTEROFFICE MEMORANDUM

Form 10 (Rev. 1-25-60)

INTER OFFICE MEMORANDUM

August 23, 1973

TO: BRIDGE DESIGN PERSONNEL
FROM: Frank M. Harrison, Assistant Bridge Engineer
SUBJECT: Revision of Table 1A and 2 of Reinforcing Bar Bend Standards

Bar bends over 90° for Grade 60 reinforcing, such as 135° for ties, will require a pin diameter equal to that shown for a hooked end. The alternate method of bending ties shown below should be used.
