Environmental Documentation for State Funded Projects

The purpose of this project is to demolish the existing Resident Engineer's Office and construct a new Resident Engineer's Office #23 adjacent to the District 2 Headquarters on Highway 65 in Jefferson County, Arkansas. An attached map illustrates the project location.

The project will not involve relocations, wetlands, wellhead protection area/public water supplies, underground storage tanks, environmental justice issues, floodplains, or cultural resources. Asbestos and black mold were identified within the existing building. These hazards were removed from the existing building. No further remediation will be required before demolition.

This project will not have a discharge of dredged or fill material into waters of the United States; therefore, a Section 404 permit will not be required.

FROM: M. Hughes, Cultural Resources

SUBJECT: Cultural Resources Clearance
Job Number 020785
District 2 R.E. Office 23 (Pine Bluff) (S)
Route 65, Section 2
Jefferson County

This job proposes to replace the existing Resident Engineer' Office at the District 2 campus on Highway 65 in Pine Bluff, Jefferson County. The existing building will be demolished. All work will take place on existing ARDOT property, no new ROW or TCE will be required and no federal permits will be required.

The scope of the project does not have the potential to affect any undisturbed land surfaces or historic properties. This project is using state funds. Due to this project not having federal monies or permits involved, Section 106 is not applicable.
