2024-001

IT IS ORDERED that a meeting of the Arkansas State Highway Commission be opened at 10:00 a.m., February 13, 2024.

2024-002

WHEREAS, the Purchasing Committee has awarded purchases on December 11, December 19, 2023, and January 19, 2024, in the amounts of \$4,266,299.88, \$91,780.00, and \$4,807,463.98, respectively, totaling \$9,165,543.86, and supply and service contracts, in accordance with authority previously conveyed, all of which have been documented by official minutes which are of record in the files of the Commission and Equipment and Procurement Division.

NOW THEREFORE, IT IS ORDERED that the action of the Purchasing Committee be ratified and confirmed in all particulars.

2024-003

WHEREAS, the American Association of State Highway and Transportation Officials (AASHTO) has billed the Arkansas Department of Transportation for membership dues for the year 2024; and

WHEREAS, this membership is regarded as being highly beneficial to the Department.

NOW THEREFORE, IT IS ORDERED that the Director is authorized to process payment for AASHTO membership dues for the year 2024 in the amount of \$42,365.76.

2024-004

WHEREAS, the Highway System in Arkansas facilitates safe mobility, economic development, and tourism enhancement throughout the State; and

WHEREAS, public information and education activities play an important role in providing the citizens of our State with pertinent information relative to the issues facing the Commission and Department; and

WHEREAS, the Arkansas Good Roads Foundation serves as an effective group to provide this information and education to transportation stakeholders, elected officials, and the public.

NOW THEREFORE, the Director is authorized to make a contribution of \$40,000 to the Arkansas Good Roads Foundation for its public information and education activities for the time period January 1, 2024, through December 31, 2024.

2024-005

WHEREAS, the Surface Transportation Assistance Act of 1982 authorized the installation of vending machines in Interstate Rest Areas; and

WHEREAS, the Act requires that states give priority to vending machines which are operated by state agencies for the blind, pursuant to the Randolph-Sheppard Act; and

WHEREAS, the Arkansas Department of Human Services, Division of Services for the Blind, has successfully provided vending machine service in Interstate Welcome Centers and Rest Areas in Arkansas under service agreements with the Department since 1986; and

WHEREAS, the current agreement with the Division of Services for the Blind has expired.

NOW THEREFORE, the Director is authorized to renew the agreement with the Division of Services for the Blind to provide vending machine services at all

Interstate Welcome Centers, Tourist Information Centers and Rest Areas within the State as may be practical.

2024-006

WHEREAS, the United States Code of Federal Regulations requires that all sampling and testing of materials used in highway construction and maintenance be executed by qualified testing personnel, and that all contractor, vendor, and stated testing used for acceptance decisions shall be performed at qualified laboratories; and

WHEREAS, the Center for Training Transportation Professionals (CTTP) was established by the University of Arkansas in cooperation with the Department to provide training and certification of Department and contractor technicians; and

WHEREAS, there is a need to continue the certification program by the CTTP.

NOW THEREFORE, the Director is hereby authorized to renew a three-year agreement to continue training and certification courses as mutually agreed upon by the Department and the CTTP.

2024-007

WHEREAS, it is necessary for the Department to provide timely design services for selected projects in order to proceed with construction; and

WHEREAS, in accordance with Minute Order 2020-087, passed on October 14, 2020, the Department currently has on-call contracts to deliver design services through calendar year 2024; and

WHEREAS, these on-call contracts have been found to be an effective method of producing timely design services and supplementing in-house capabilities.

NOW THEREFORE, the Director is authorized to request proposals, select a consulting firm or firms to perform design services, and enter into any necessary contracts as needs are identified for calendar years 2025 through 2028 with an option to extend through calendar year 2029.

2024-008

WHEREAS, the Department maintains 16,436 centerline highway miles and 7,361 bridges; and

WHEREAS, the timely collection of pavement, bridge, and other transportation-related asset condition data is vital for managing highway infrastructure; and

WHEREAS, on-call contract services have proven beneficial by providing innovative asset condition data collection techniques and supplementing in-house capabilities, allowing the Department's field personnel to perform other critical tasks.

NOW THEREFORE, the Director is authorized to request proposals, select consulting firms, and enter into any necessary contracts and agreements with firms for on-call pavement, bridge, and other transportation-related asset data collection as needs are identified for calendar years 2024 through 2026 with an option to extend through calendar year 2028.

2024-009

WHEREAS, Act 1 of the 90th General Assembly's Third Extraordinary Session established the Arkansas Highway Improvement Plan of 2016, which provides funding for highway construction; and

WHEREAS, a portion of Act 1 funding includes 25 percent of State Surplus funds; and

WHEREAS, the amount of the State Fiscal Year 2019 State Surplus funds exceeded projections, which resulted in additional funding being made available for highway improvements beyond what was anticipated; and

WHEREAS, Minute Order 2020-004 authorized the use of up to \$15 million in Act 1 Surplus funding from State Fiscal Year 2019 State Surplus funds for projects that promote economic development and economic competitiveness; and

WHEREAS, the Arkansas Economic Development Commission has requested funds from the State Fiscal Year 2019 State Surplus balance to support infrastructure improvements to handle an increase in traffic volume associated with economic development to Highway 113 near Oppelo; and

WHEREAS, this request meets criteria established by Minute Order 2020-004; and

WHEREAS, the Department has received a letter of support from Governor Sarah Huckabee Sanders.

NOW THEREFORE, the Director is authorized to commit \$2 million from the State Fiscal Year 2019 State Surplus funds for infrastructure improvements to Highway 113 near Oppelo as requested by the Arkansas Economic Development Commission and to enter into any necessary agreements with the appropriate local agencies to implement these improvements.

2024-010

WHEREAS, it has been determined that improvements are warranted to enhance safety at the eight railroad crossings indicated on the attached list; and

WHEREAS, these improvements are eligible for one hundred percent Federal-aid Rail-Highway Crossing Safety funds.

NOW THEREFORE, the Director is authorized to proceed with improvements at these crossings as funds become available subject to the following conditions:

- Maintenance of the signals and surfaces shall be performed by the applicable Railroad Company at no cost to the State.
- All required right-of-way shall be furnished at no cost to the State.

2024-011

WHEREAS, the Arkansas Strategic Highway Safety Plan (2022) identified intersections as a focus area under the safe roads element; and

WHEREAS, a statewide rural unsignalized intersection study has been completed; and

WHEREAS, the analysis identified locations that would benefit from the implementation of low-cost safety improvements; and

WHEREAS, low-cost safety improvements such as transverse rumble strips, enhanced signage and pavement markings, guardrails, and high friction surface treatments have been proven to significantly improve driver awareness and safety; and

WHEREAS, these improvements are eligible for Federal-aid Safety funds.

NOW THEREFORE, the Director is authorized to proceed with plans and construction of safety projects to implement these improvements as funds become available.

2024-012

WHEREAS, in August 2023, the Arkansas Highway Commission adopted Minute Order 2023-073 which authorized the Director to procure a qualified consultant to perform an energy audit of facilities owned by the Department; and

WHEREAS, the Department selected Johnson Controls International to perform an energy audit which provided a detailed analysis of the potential energy efficiency improvements at specific locations; and

WHEREAS, Johnson Controls is pre-qualified by the Arkansas Energy Office to provide energy performance contracting services for state agencies; and

WHEREAS, Johnson Controls provided proposals to improve the heating and cooling systems at the Materials Division and nine District Headquarters; and

WHEREAS, the proposed improvements include replacing outdated and inefficient mechanical equipment; and

WHEREAS, the energy cost savings for these proposed improvement projects will exceed the equipment replacement costs within 20 years.

NOW THEREFORE, the Director is authorized to procure and enter into an agreement with Johnson Controls International to perform energy saving mechanical and electrical improvement projects for heating and cooling systems at the nine District Headquarters buildings and Materials Division building, as fund become available.

Chairman Farmer opened the meeting by welcoming those in attendance in-person, as well as those who were watching online.

MOTIONS

MOTION Vice Chairman Philip Taldo moved, Commissioner Keith Gibson seconded, and the motion passed to authorize the use of electronic signatures for the February 12, 2024 Minute Orders.

MOTION Commissioner Keith Gibson moved, Commissioner Marie Holder seconded, and the motion passed to approve the Minutes from the December 6, 2023 Commission Meeting.

MOTION The Commission approved Minute Order 2023-055 on June 21, 2023, authorizing the Department to engage the services of a qualified vendor to implement a Traffic Data Management System. Public advertisement was made on October 20, 2023, on the Department's website. Commissioner Marie Holder moved, Vice Chairman Philip Taldo seconded, and the motion passed to approve the Staff's recommendation to begin negotiations with the following firm to provide the Traffic Data Management System.

Drakewell, Inc. – Dover, Delaware

OTHER DISCUSSION ITEMS

Patrick Patton, Chief Fiscal Officer, provided the January 2024 State Highway Revenue update. For State Fiscal Year (SFY) 2024 Budgeted vs. Actual Operating Expenses for ARDOT, overall expenses (maintenance, operations, administrative, and construction) were below budgeted by -10.8% (-\$10.0 million). Mr. Patton noted that State Highway Revenues to the Department from traditional sources for the year were up a total of 1.2% (\$4.3 million) in State Fiscal Year (SFY) 2024 compared to SFY 2023. Revenue from the Natural Gas Severance Tax was lower compared to the previous year. Total revenues available in SFY 2024 were -6.2% (-\$24.4 million) below last year. Actual State Revenue received was -7.5% (-\$28.7 million) below projected (budgeted) revenue for the year.

Kevin Thornton, Chief of Administration, provided the Federal and State Legislative updates to the Commission. Congress and the President continue to work toward a full year's appropriations bill but have not been able to reach an agreement. A third Continuing Resolution (CR) was agreed upon and will provide funding through March 1. Thornton noted that now is the time to begin working on how the next infrastructure law would be structured and funded, and that AASHTO would be taking the lead in organizing this effort. The goal is to complete the effort by September 2025, which would allow a full year to discuss ideas of future policies with members of Congress and the Administration.

Crystal Woods, Assistant Chief of Administration, provided an update on the Arkansas Legislative Council Efficiency Study Recommendations Rules for Implementation. The monthly reports for December 2023 and January 2024 were submitted and addressed the following recommendations:

- Recommendation #1 noted that the Department should "Finalize KPIs and implement performance management".
 - The Department is nearing final development of its operational effectiveness KPIs and performance targets for each one.
 - A draft dashboard to monitor how we are meeting each performance measure has been developed.
- Recommendation #3 noted that the Department should "Publish the status of construction projects and maintenance activities".
 - Garver is in the process of developing the initial version of the website. Once approved by ARDOT management, it will be published for public/stakeholder comments.
- Recommendation #4 noted that the Department should "Implement a platform that tracks all stakeholder inquiries to resolution".
 - Ask ARDOT was made available to the public in October 2023 and the process of developing a reporting structure to summarize information regarding customer inquiries is underway.
 - Since introducing Ask ARDOT in February 2023, approximately 8,768 have been received. This is an average of 730 inquiries per month.

- Recommendation #12 and #13 noted that the Department should “Ensure staff can develop in their careers at ARDOT” and “Improve staff capabilities to align with current/future organizational needs”.
 - The Workforce Strategic Plan has been updated to correspond and align with the 2023-2028 ARDOT Strategic Plan.
 - Career Path Promotion program documents have been developed for the most common career path promotions and are available to employees and supervisors.
 - Online learning paths have been published to allow employees who consider themselves future leaders to voluntarily enroll in courses to begin building the skills needed for future leadership roles.
 - The cross-training and on-the-job training request form has been developed and is being tested.

In addition to the monthly reports submitted to the HCRAS, staff has been working with the Arkansas Department of Inspector General's Office of Internal Audit (OIA) to submit information regarding the portion of the law that established the efficiency review. The OIA submitted its annual report to the HCRAS for their November 13 meeting. The meeting was positive and recognized ARDOT for making substantial progress in implementing the Guidehouse recommendations and for having strong internal controls in place. State Auditors asked the HCRAS to consider eliminating the consulting component of their engagement moving forward. This recommendation was tabled by the HCRAS until a later date. A revised engagement letter was reviewed by the HCRAS on January 24, and approved by the Arkansas Legislative Council on January 26.

Keli Wylie, Assistant Chief Engineer – Program Delivery provided the bid letting update from the January 17, 2024, bid letting.

Rex Vines, Chief Engineer – Operations provided a Maintenance Activity update, which included the Department’s response to the winter weather events that occurred in January 2024.

Steve Frisbee, Assistant Chief Engineer – Maintenance updated the Commission on how the Department is preparing for the 2024 total solar eclipse, which will occur on April 8, 2024.

Director Tudor updated the Commission on recent Department activities. Since the December 6 meeting, several noteworthy Department activities occurred as listed below:

- The Commission, Director Tudor and staff attended the Central Office, Maintenance Division and District Service Awards across the State in the month of December.
- Commissioner Marie Holder, Director Tudor and Rex Vines attended the Arkansas Asphalt Pavement Association Quality Conference on January 4. Director Tudor presented on upcoming projects at ARDOT and the Department was awarded three Perpetual Pavement Awards.
- Chairman Farmer and Director Tudor attended a Lunch and Learn event with AGC on January 24, where a renewed partnering agreement was signed.
- On February 6, Director Tudor presented to the Springdale Leadership Class in Little Rock.
- The Department began a Lunch and Learn series on the Five Graces of Leadership for our employees.

Jared Wiley, Chief Engineer of Preconstruction presented on the highway weight restriction process.

Director Tudor gave a look back at the previous year - progress, accomplishments, significant events, etc. and an overview of what lies ahead for 2024.

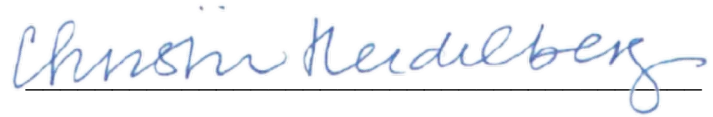

Director Tudor presented a list of upcoming meetings and events that the Director and Commission will be attending.

In closing, Chief Legal Counsel Michelle Davenport presented a timeline of events for the I-30 Widening Project in Saline County. A minute order was presented to the Commission, authorizing the Chief Engineer of Operations to place Johnson Brothers Corporation, a Southland Company, in default and to coordinate with the surety company to progress this job to completion. The Commission deferred this minute order to allow Johnson Brothers Corporation the opportunity to provide a response within the 10-day period from the date of the notice of default. The Department's Staff will review Johnson Brothers' response of a possible remedy and provide the Commission with a recommendation at a later date.

2024-013

IT IS ORDERED that a meeting of the Arkansas State Highway Commission be closed at 11:56 a.m., February 13, 2024.

I hereby certify that the above and foregoing is a true recording of the proceedings taken by the Arkansas State Highway Commission at its meeting on February 13, 2024.

A handwritten signature in blue ink that reads "Christie Heidelberg". The signature is written in a cursive style and is positioned above a solid horizontal line.
